Appendix 3.1

Approval of the minutes from the November 4, 2021 Education Council meeting

Motion: "That Education Council approves the minutes from the November 4, 2021 meeting as presented."

Appendix 5.1

Curriculum recommended by the CPRC - STH

5.1 a. Motion: "That Education Council approves the course revision: PHYS 202 Engineering Mechanics I as recommended by the CPRC - STH"

Proposal Rationale

PHYS 202 is an Engineering Mechanics course, and part of the Common First Year Engineering (CFYE) curriculum. Students in that programme take it in the Winter semester of their first year at the College. The existing course description is from a time when PHYS 202 was offered in fall, and students were encouraged to take it in their second year. We have improved the course description to reflect better the current content of the course, and also changed the pre- and co-requisites to align with the core physics and mathematics courses in the CFYE programme.

5. 1 b. Motion: "That Education Council approves the course revision: PHYS 215 Thermodynamics as recommended by the CPRC - STH"

Proposal Rationale

Second year physics courses tend to require skills learned in first year Calculus courses. The addition of MATH 122 or MATH 147 as a prerequisite makes it clear that integration skills are necessary for students to succeed in this course. MATH 147 is taken by students in the Electronics Engineering Bridge programme, which is why MATH 122 is not a sufficient prerequisite for all students taking PHYS 215.

5. 1 c. Motion: "That Education Council approves the course revision: MATH 221 Introduction to Linear Algebra as recommended by the CPRC - STH"

Proposal Rationale

The following course was approved as part of the OC UBCO bridge program changes last year. Thus, the prerequisite requirements need to be adjusted to allow these students to take the course.

5. 1 d. Motion: "That Education Council approves the course revision: STAT 230 Elementary Applied Statistics as recommended by the CPRC - STH"

Proposal Rationale

The following course was approved as part of the PBDHA program. Thus, the entrance/ prerequisite requirements need to be adjusted to allow these students to take the course.

5. 1 e. Motion: “That Education Council approves the course revision: STAT 310 Regression Analysis as recommended by the CPRC - STH”

Proposal Rationale

The following course was approved as part of the PBDHA program. Thus, the entrance/prerequisite requirements need to be adjusted to allow these students to take the course.

5. 1 f. Motion: “That Education Council approves the course revision: STAT 311 Modern Statistical Methods as recommended by the CPRC - STH”

Proposal Rationale

The following course was approved as part of the PBDHA program. Thus, the entrance/prerequisite requirements need to be adjusted to allow these students to take the course.

5. 1 g. Motion: “That Education Council approves the course revision: DSCI 300 Data Wrangling and Visualization as recommended by the CPRC - STH”

Proposal Rationale

The following course was approved as part of the PBDHA program. Thus, the entrance/prerequisite requirements need to be adjusted to allow these students to take the course.

5. 1 h. Motion: “That Education Council approves the course revision: DSCI 310 Mathematics Computation as recommended by the CPRC - STH”

Proposal Rationale

The following course was approved as part of the PBDHA program. Thus, the entrance/prerequisite requirements need to be adjusted to allow these students to take the course.

Appendix 5.2

Strategic Plan

Motion: “That Education Council recommends to the Board of Governors the Strategic Plan as presented with the understanding that non-substantive revisions may be necessary prior to review by the Board of Governors.”

Appendix 7

In camera session

Motion: “That Education Council moves in camera.”

Appendix 7.1

Motion: “That Education Council approves the Minutes of the November 8, 2021 Operations committee meeting as presented.”

Appendix 7.2

Motion: “That Education Council approves the Minutes of the November 12, 2021 Operations committee meeting as presented.”
