Appendix 5.1

Curriculum Recommended by the CPRC – AFP

5.1 a. Motion: “That Education Council approves the course revision: CMNS 265 Environmental Communications as recommended by the CPRC – AFP.”

Proposal Rationale

To broaden appeal to all students, particularly those in Environmental Studies, we would like to change the prerequisites from "3 CMNS credits or second-year standing" to "3 CMNS credits or 3 ENGL credits or second-year standing".

5.1 b. Motion: “That Education Council approves the new course: LSIN 038 Social and Community Engagement as recommended by the CPRC – AFP.”

Proposal Rationale

This course is focused on engagement- in the community, with peers and with social media. All people need safe ways in which to be a part of their community, to feel they belong and that they have something to offer. This course would offer multiple ways in which to engage in the community as well as with peers in a safe and productive manner. Building on organization and social skills and learning some public speaking will assist in gaining the confidence needed to plan and participate constructively.
