Tutors will be available to help you primarily with BUAD 111, 121, and 195.

The help is intended for these first year courses; however, the students will do their best to help with other courses if they are able. Tutoring is provided on a best-efforts basis.

The help tutors can provide is limited to specific assignment and project assistance.

For example - I am having trouble with this part of this question.

But not - I haven't started and I don't know what to do.
